# 890 ADVENTURE R FEATURES

## REWORKED SUSPENSION

Reworked fork and shock settings mean the KTM 890 ADVENTURE R provides improved riding comfort, combined with excellent overall suspension performance. This, on top of already boasting the absolute best suspension currently offered on any adventure bike, means riders can tackle the harshest terrain with complete confidence. Oh, and did we mention both fork and shock are easily adjustable too?

## TYRES

The 2023 KTM 890 ADVENTURE R is fitted with all-new MITAS ENDURO TRAIL rubber, specifically optimized for KTM. These are ideal for riders looking for durability, handling, and mileage on road, but with the added benefit of being able to conquer difficult offroad tracks and trails with ease.

## SUBFRAME

Featuring a lightweight and solid construction, the subframe is fully-loaded for adventure. The motorcycle beneath you needs to be built to last. The steel trellis subframe was developed to be compact, lightweight and also strong enough to carry a full load of luggage as well as a passenger under the hardest conditions while extreme adventure riding.

## UPGRADED TFT DISPLAY

A new state-of-the-art full 5" TFT display keeps you informed with everything you need to know about the machine below you. Featuring improved functionality, each function is illustrated by an infographic of the motorcycle to directly show the user the relevant field of adjustment. An optically bonded mineral glass display ensures optimum scratch and glare resistance. Additionally, an optional Connectivity Unit allows the connection between the KTMconnect app and the TFT via Bluetooth for Turn-b
